EDUCATION

Shambhunath Institute of Engineering and Technology

Computer Science Engineering | Bachelor of Technology

CGPA: 7.24

Prayagraj, Uttar Pradesh

August 2021 - July 2024

CDL Government Polytechnic Nathusari Chopta

Computer Science Engineering | Diploma In Engineering

CGPA: 82

Sirsa, Haryana

August 2018 - July 2021

EXPERIENCE

AcmeMinds Private Limited | Associate Software Developer Chandigarh | January 2025 - Present

- Optimized RESTful API performance using .NET, Entity Framework, and efficient query design, reducing execution time from 5 minutes to a few seconds (~95% improvement).
- Developed a .NET-based automation system for generating and distributing quarterly client reports, reducing manual effort and improving system reliability.
- Led end-to-end development of a full-stack module using Angular and ASP.NET Core, applying Object-Oriented Programming (OOP) principles throughout design, development, testing, and deployment.
- Designed and implemented solutions within a microservices architecture, leveraging Redis for caching and AWS S3 cloud storage to enhance system performance and scalability.
- Worked extensively with SQL Server using ADO.NET and Entity Framework, performing query optimization and efficient database operations.
- Built and consumed RESTful HTTP services for inter-service communication across distributed systems.
- Integrated third-party APIs with robust error handling and efficient data flow management.
- Implemented scheduled background jobs using cron-based configurations to automate recurring backend processes.
- Applied design patterns and clean architecture principles to improve code maintainability and scalability.
- Diagnosed and resolved production issues, identified performance bottlenecks, and ensured timely delivery of backend features.
- Wrote unit tests using MSTest and conducted end-to-end API testing using Postman to ensure reliability and stability.
- Collaborated in Agile development environments, working with cross-functional teams and participating in code reviews to maintain high code quality standards.
- Managed multiple projects simultaneously, adapting to changing requirements and tight deadlines.

uCertify | S.M.E Trainee

Prayagraj, Uttar Pradesh | August 2021 - November 2024

- Worked at uCertify, a leading e-learning platform, where I gained hands-on experience in the field of content development and quality assurance.
- Created and reviewed interactive educational content, including scenario-based questions, one-liners, and multiple-choice questions aligned with curriculum standards.
- Collaborated with subject matter experts, editors, and QA teams to maintain high content quality and meet tight deadlines.

SKILLS

Programming Languages: C++, JavaScript, C#, TypeScript
Libraries/Frameworks: Reactjs, Angular, .NET / .NET Core, ASP.NET Web API
Tools / Platforms: Git, Github, Postman, VS Code, Visual Studio, Jira, Sourcetree, Swagger
Databases: MongoDB, SQL Server, ADO.NET, Entity Framework

PROJECTS / OPEN-SOURCE

WedFlow

ASP.NET Core Web API (.NET 8), C#, Entity Framework Core (Code First)

- Developed a scalable SaaS backend using ASP.NET Core (.NET 8) and Entity Framework Core

- Implemented JWT-based authentication and role-based authorization
- Designed RESTful APIs for Vendor, Category, and Lead Management
- Improved data handling and API performance using optimized queries

DevHuddle

Reactjs, Nodejs, Expressjs, MongoDB

- Created DevHuddle, a platform designed for developers to connect, collaborate, and share knowledge.
- Created profiles, messaging, and networking features to enhance developer interaction

CERTIFICATIONS

- ReactJs- The Complete ReactJs Course - **Udemy**
